## 2008 Season 'the Track's centenary year'

The year started pre-season with the sad news of Stan 'Stash' Kalisz's death. As many of you know, Stash started the track league and we are determined to carry on where he left off.

The meetings have been largely successful with numbers being around ten seniors and five juniors on average each week. Obviously we lost some meetings to the weather, but fortunately were blessed with good weather for the BSCA meeting in May. So successful they want to run it again next year !

Personally this year has been a steep learning curve, but I have enjoyed it and hope that I haven't made too many mistakes and can improve next season. A vote of thanks must go to Alan Daniels for his invaluable help and of course not forgetting Graeme Waters who volunteered to carry out the duties of secretary (brave man) and carry on where 'Stash' left off. I must thank Emily and Richard Thoday for setting up the website [www.foresttowntrack.co.uk](http://www.foresttowntrack.co.uk). Many thanks guys long may it continue. Forest Town Track League would also like to thank the welfare for all their support and help – especially Eric. Thanks must also go to Martin Smith for providing sponsorship in the form of covering our BC insurance for the 2009 season.

In commemoration of the centenary a prize of £100 was put up by Guy Elliot CEO of DHL Northern Europe for the fastest flying lap (440 yds) this has been won by Martin Smith (Chesterfield Coureurs) in a time of 27.86 secs (51.99kph/32.30 mph). This time will now stand as the track record for any further attempts.

The new season starts on Monday 13<sup>th</sup> April 2009 (with a fall back night of Wednesday if the weather is bad)

**SEE YOU ALL NEXT SEASON**
